# Playing our games couldn't be easier

All our games are run on a browser with screen share.

This enables everyone to see and hear each other for the best possible team collaboration experience.

We support all major video conferencing systems like Zoom and Teams.

## What you need

A computer with browser

Virtual meeting software  
(e.g. Zoom / Teams)

Internet connection

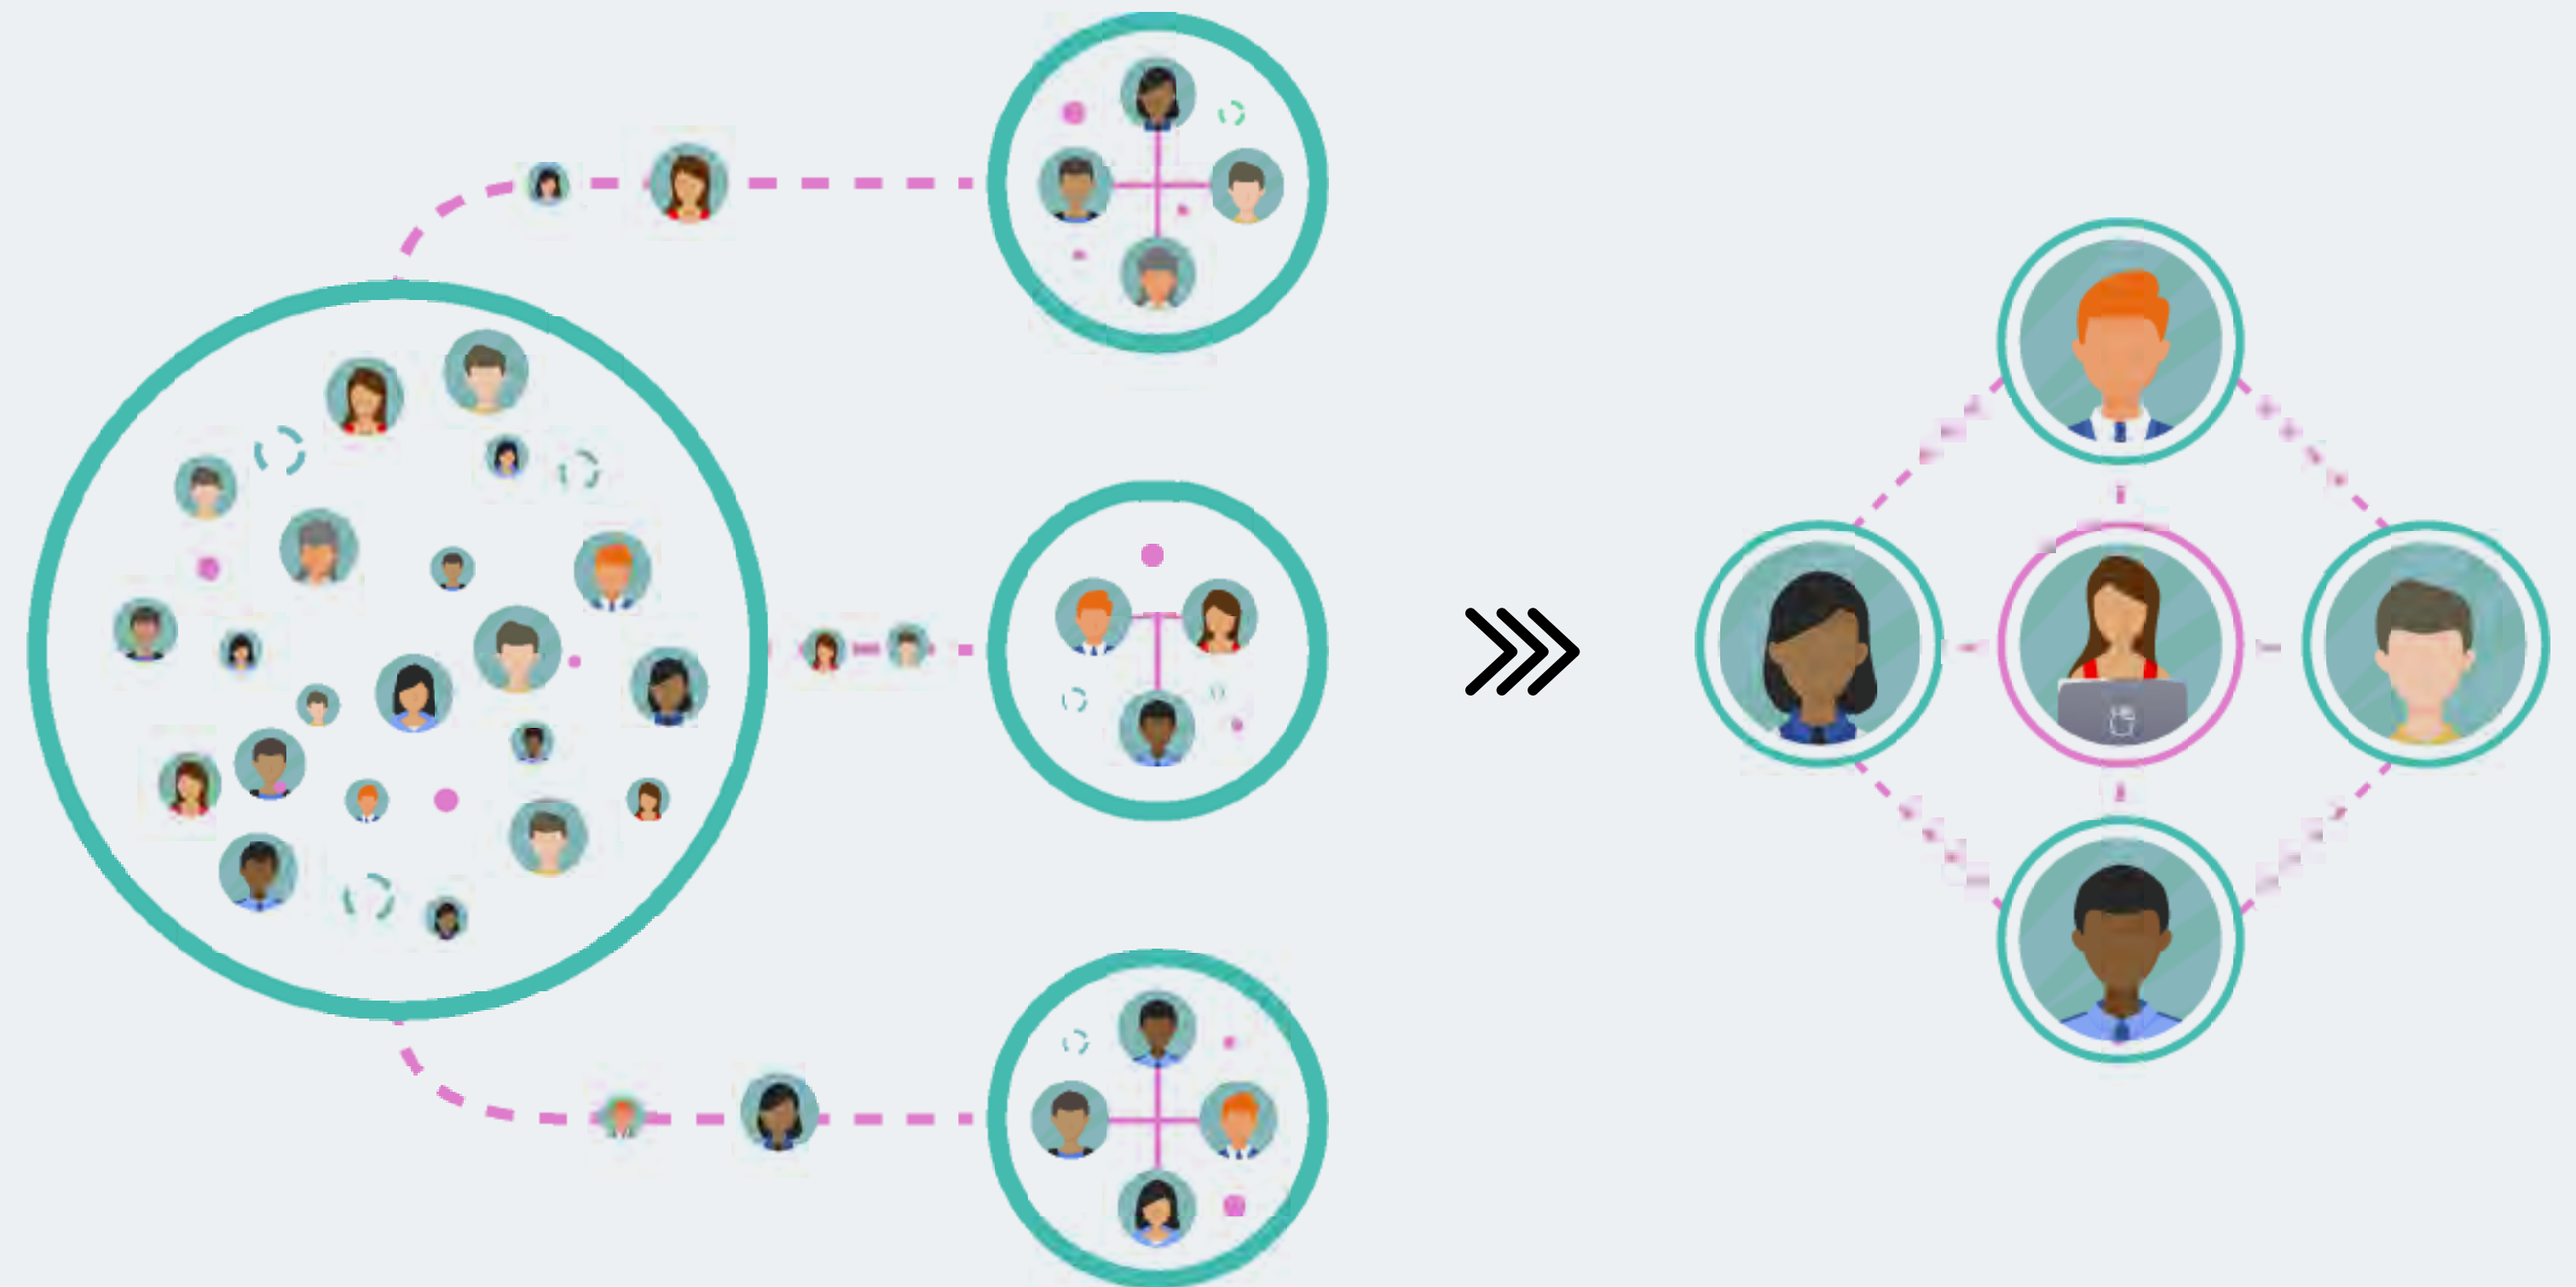

## Playing our games couldn't be easier

1. Players connect in a video meeting
2. Team leader starts game in browser
3. Screen is shared
4. Team members play together

What our Clients say?

The wild success of the workshops prompted other areas of our program to inquire about Green Hat’s services.

I truly enjoyed the experience. Congratulations for the amazing work done by your team developing the game.

We really enjoyed the game today, nicely done!

Just wanted to drop you both a note to say a BIG THANK YOU for the team event and facilitation.

We chose “Beat the Hacker” for one of our virtual team events and all participants extremely enjoyed it!

We had been searching for a fun, virtual activity that really ensured that everyone on the call was engaged and this was the answer we had been looking for.

Just wanted to say thank you for today, it was a lot of fun.

The game went great today, lots of positive feedback, thanks for all your help and patience

Just a quick note to say thank you – everyone was raving about the game.
