# About the game

## Fun and exciting teamwork

Green Hat Challenge is a fun-filled interactive game that lets you think creatively and work as a team.

Groups of 3-6 members compete against each other by solving +100 fun missions, in 7 categories, at a location of your choice.

The missions are designed to boost energy levels and build a team spirit, all in 45 - 75 minutes.

## How it works

### Fun teamwork in small groups

The game is played in teams of 3-6 people using a smart phone or tablet.

Each team is challenged with +100 fun missions from a variety of categories. The game typically takes an hour but can easily be extended or shortened.

The missions are designed to promote collaboration which ensures that all team members are active.

# The challenges

## Fun variety for everyone

The players choose which challenges to take on, letting them play to their team strengths.

Mission categories range from creative photo challenges to logo quizzes, music trivia and brain teasers, as well as location specific physical challenges.
